

Position Title: Food Delivery

Mission of Organization: We provide safety for women and their children, and work to end violence against women.

Goal of position: Every month we need to pick up our food order. This food order will be all of the food the Shelter will need for an entire month. We feed approximately 50 people for breakfast, lunch and dinner everyday. In order to serve the women and make them feel safe we want to help provide for their basic needs – and as a Food Delivery volunteer you would be helping with that.

Major Responsibilities: There is a lot of physical activity with this position. You will be lifting and carrying heavy packages from the van and into the Shelter. Unpacking food and breaking down cardboard boxes.

Impact of the assignment: Without you, we wouldn't be able to feed the women and children that we serve. Food is a vital role when it comes to healing because we are able to meet that woman's basic needs.

Qualifications: The ability to lift and carry heavy packages.

Benefits to volunteer: Helping provide a safe home for women and children. Allowing them to have a good meal at the end of their day!
